Changes in the Organization of Hilma-Römheld GmbH

Dear customers and business partners,

We have used the past months to re-evaluate the production sites' synergies within the ROEMHELD Group, resulting in a new organizational structure.

The aim is to achieve an improved delivery capability and shorter delivery times for our products and to guarantee reliable order processing.

The only change for you is that, in the future, you will receive deliveries from the plants of Römheld GmbH Friedrichshütte in Laubach or Stark Spannsysteme GmbH in Rankweil, Austria.

The respective delivery plant is identified in all our order documents.

Your contact persons are available under the usual contact details with the complete product portfolio.

During the changeover phase, deliveries from two plants may occur for one order, and in exceptional cases, there may also be delivery delays. We will do our utmost to avoid this.

If you intend to return goods to us during this period, please contact our service department (Tel. +49 6405/89-400 | service@roemheld.de) in advance to clarify the return delivery.

We ask you for your understanding of these measures and, as a precaution, apologize for any inconvenience this may cause you.

Thank you for the trust you place in us.

Sincerely yours

Hilma-Römheld GmbH
